From the Editors

This volume represents the proceedings of ECSCW 2013, the 13th European Conference on Computer Supported Cooperative Work, held in Paphos, Cyprus, on September 21-25, 2013.

ECSCW 2013 received 82 competitive paper and note submissions. After extensive review, 15 were selected to form the core of the traditional single-track technical programme for the conference. These are supplemented by exciting workshops and masterclasses that cover a broad range of topics and allow for wider and more active participation. These additional contributions will be published in the Volume 2 Proceedings, together with the expanded selection of demonstrations, videos, and work in progress.

Work in progress has been introduced as a new peer reviewed category for ECSCW 2013, and those papers will be included in the Volume 2 Proceedings that will be available online.

The technical program this year focuses on work and the enterprise as well as on the challenges of involving citizens, patients, and others into collaborative settings. The papers embrace new theories, and discuss known ones. They challenge the ways we think about and study work and contribute to the discussions of the blurring boundaries between home and work life. They introduce recent and emergent technologies, and study known social and collaborative technologies. Classical settings in computer supported cooperative work are looked upon anew. With contributions from all over the world, the papers in interesting ways help focus on the European perspective in our community.

Many people have worked hard to ensure the success of this conference, and we briefly acknowledge them here: all the authors who submitted high quality papers; all those who contributed through taking part in workshops, masterclasses, demonstrations, and the new category of work in progress; the 64 members of a global programme committee, who dedicated time and energy to reviewing and discussing individual contributions and shaping the programme; the people who helped organise the programme: the workshop and masterclass chairs, the chairs of demos and videos, work in progress, student volunteers, and various other practical arrangements. Finally, we acknowledge the student volunteers who provided support throughout the event; and we thank the sponsors and those who offered their support to the conference.

Olav W. Bertelsen, Luigina Ciolfi, Maria Antonietta Grasso and George A. Papadopoulos

ECSCW 2013 Conference Committee

General Chair

George Angelos Papadopoulos, University of Cyprus, Cyprus

Programme Chairs

Olav W. Bertelsen, Aarhus University, Denmark

Maria Antonietta Grasso, Xerox Research Centre Europe, France

Workshops and Masterclasses Co-Chairs

Mattias Korn, Aarhus University, Denmark

Pär-Ola Zander, Aalborg University, Denmark

Work in Progress Co-Chairs

Tommaso Colombino, Xerox Research Centre Europe, France

Myriam Lewkowicz, Troyes University of Technology, France

Demos and Videos Co-Chairs

David Kirk, Newcastle University, UK

Abigail Durrant, Newcastle University, UK

Proceedings Chair

Luigina Ciolfi, Sheffield Hallam University, UK

Proceedings Volume 2 Chair

Mattias Korn, Aarhus University, Denmark

Doctoral Colloquium Co-Chairs

Antonella De Angeli, University of Trento, Italy

Wayne Lutters, University of Maryland Baltimore County, USA

Local organizers

Christos Mettouris, University of Cyprus, Webmaster

Petros Stratis, Easy Conferences Ltd., Finance Chair
